Lighting Automation

Set elegant lighting throughout your home to enhance its beauty

Enrich your home experience by creating multiple lighting moods. eGlu brings life to your home with personalised lighting experience.

Security Automation

Protect your loved ones, home, and property round the clock

A Smart Home should never end with lighting. eGlu ensures your loved ones at home are always safe and protected. A range of sensors from eGlu keep your home safe and alarm you whenever there is a breach.

Single App to Control and Monitor Your Home

An app for anything related to your home is a reality now

eGlu promises a truly connected experience in Smart Homes with a single app for your home with multiuser and multi-location real time access and control.

Smart Routines for Personalized Experience

Leave your mundane tasks to eGlu

eGlu takes over routine tasks in your home and executes it for you.

Personal, Scalable, Simple

We make complex things
look simple!

Energy Management

Keep your home comfortable while saving money on energy

By automating high power consuming appliances like Air Conditioners, water heaters etc., based on time or occupancy, you can reduce energy cost.

Audio/Video Experience Automation

Enjoy a fully connected lifestyle without a second thought

You can enjoy limitless entertainment with a single remote or create an unrivalled home theatre experience. It's simple, clean and clutter-free entertainment right at your fingertips.

Integration with Voice Assistants

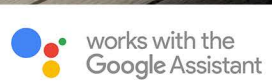

Control your home with AI powered Voice Assistants

eGlu works with Amazon Alexa, Google Assistant and Apple Siri.

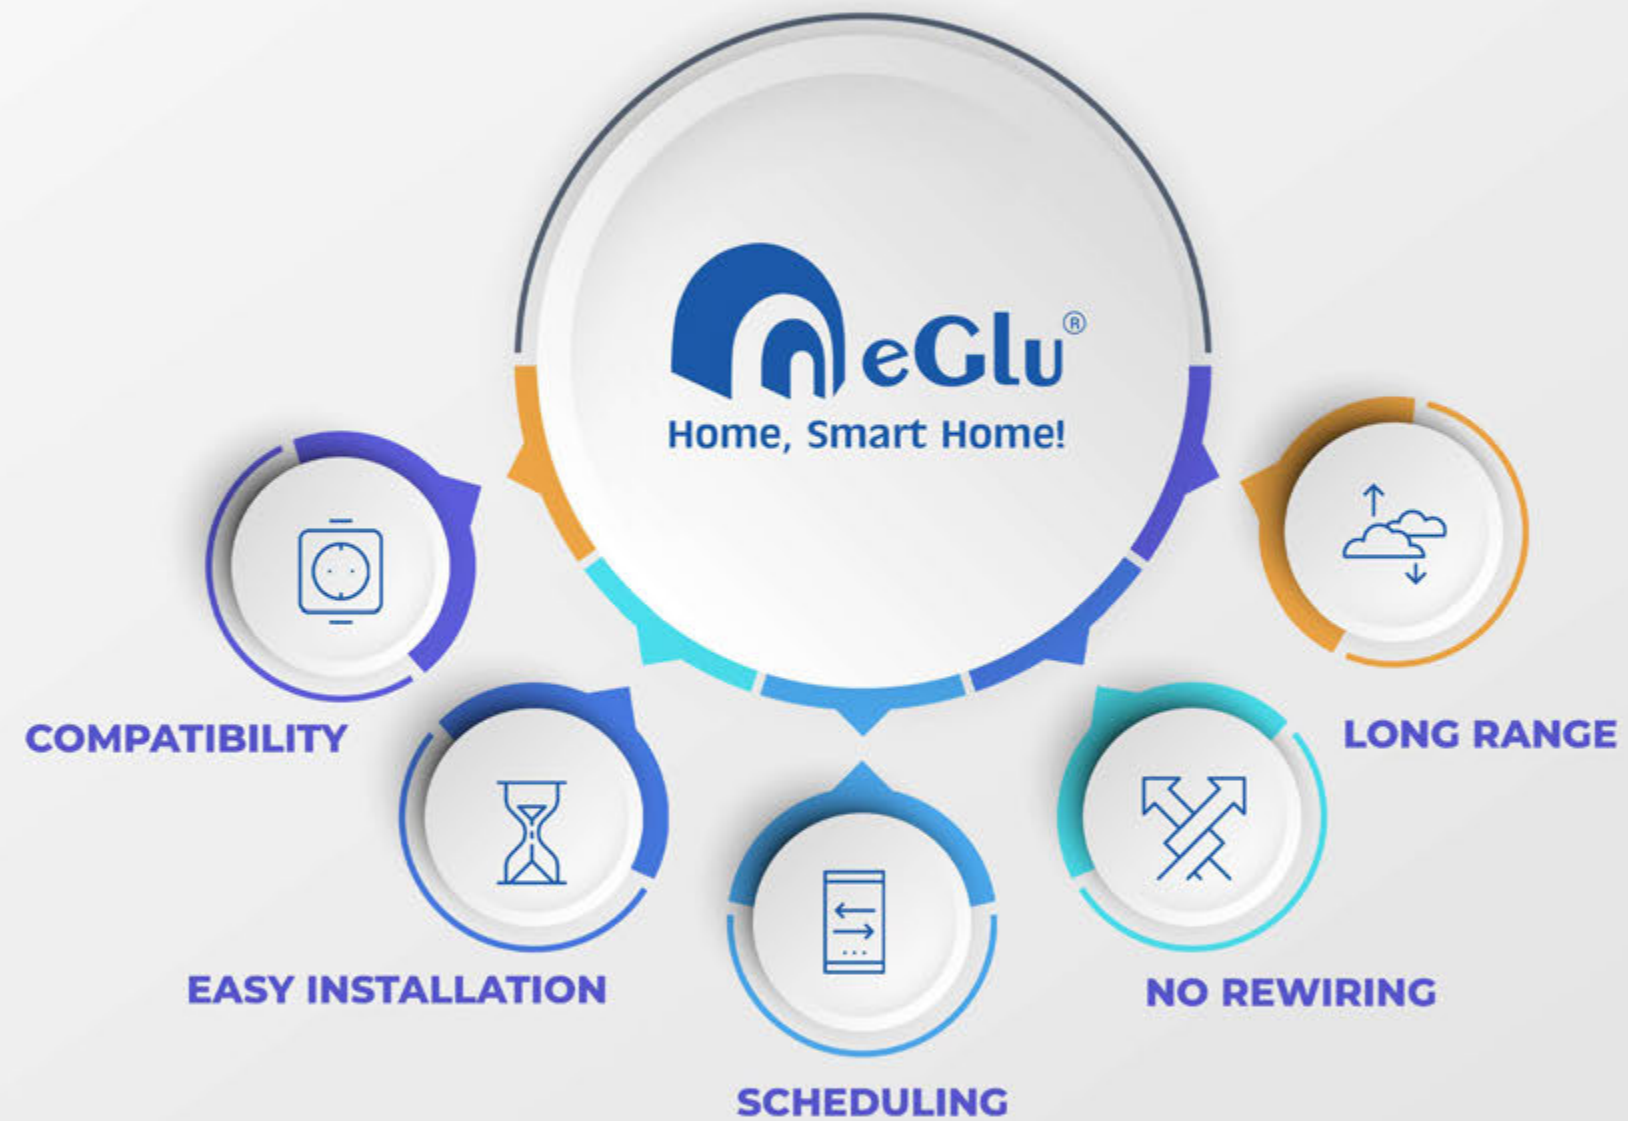

Entrance Automation

Making access to your home or business more convenient

With eGlu solution, you can lock and unlock your door from anywhere in the world with a Smart Lock. Also, access to specific areas can be restricted to select individuals or particular times.

An affordable and comprehensive Smart Home Solution for your safety, security and convenience.
